MEMORANDUM FOR: Acting Director of Training SUBJECT: Training Program for Junior Officer Trainee,
Outportor : Halling 110 Fram 101 action of 11001
1. This memorandum is submitted in accordance with a re-
quest dated 30 March from Acting Director of Training, to outline the training program of Junior Officer
Traines,
2. It was the intention of supervisor to devote the
initial period of his training to cover a period of approximately
two months to familiarize himself with files, name checking, re- ports writing, and general area activities. After a minimum of
instruction, demonstrated first-rate capabilities to handle
this work as well as having gained sufficient knowledge of our
system of filing and dissemination to enable him to undertake ad-
ditional duties. In view of this progress, was transferred to the second phase of his training; work covering general opera-
to the second phase of his training, work covering general opera- tional and administrative functions. This decision was based
upon two factors: (1) the pressing need for operational and admin-
istrative assistance due to the abscence of the Desk Operations
Officer for one week, followed by three weeks TDY in the field by
the Desk Chief and (2) his supervisor's belief that because of the trainee's rapid grasp of his first assignment he was capable of
undertaking the next one.
In his present assignment, work covers the mainten-
ance of case records, writing project renewals, dispatches, and
agent contracts. In addition to enabling him to learn about various operations and administrative duties, this work has put him
in contact with numerous offices of Headquarters staff components
concerned with projects and contracting arrangements.

3. It is planned to keep the trainee in his present work for the next three to four months at which time he will be made responsible for certain specific operations which he will handle as a Headquarters officer. This work will be for a period of approximately six months and will cover the final phase of training. Based on performance to date, it is believed that after the completion of his training he will be qualified to handle a field operations assignment.
